# PH CHECK, pH-instrument

## Instrument for measuring of pH and temperature

- IP65 water proof
- Fix mounted 12cm long pH-electrode with small diameter also for testing in container with limited opening size
- One touch auto calibration
- 1-3 Point calibration
- Hold-function
- Battery low indicator
- Dual display with automatic temperature compensation

Code 5040-0301

### Technical data

Measuring range pH	0...14 pH
Resolution pH	0,1 pH
Accuracy pH	+ - 0,1 pH
Measuring range temperature	0...50°C
Resolution temperature	0,5°C
Accuracy	+ - 1,0°C
Dimensions	225 x 35 x 20mm
Weight	164g (incl. package), 69g (only instrument)
Power supply	2x CR2032 battery
